1. A tank factory is under construction near the main road between Novy Jicin and Senov (P50/036). In the one hall which is in production, tank engine parts are manufactured and other parts which are delivered to the plant semi-finished are machined. Repairs are also being made to completed tanks at the plant. The factory is surrounded by a brick wall three meters high and is connected with the Novy Jicin-Suchdol railroad line by a spur track. Halls I and II are completely equipped and ready for use; condition of Hall III is not reported; Hall IV is completed but has not been equipped; Hall V is in production; Hall VI is being used as the plant warehouse. Construction work is being done by civilians and three companies of soldiers, one of which is from Libava (P50/007).
